Attendance at a one day 8 hour training is required of a minimum of two volunteers from the applying organization who will work directly with the Fatherhood Support Site program or ministry. Attendance at certification training must include, at minimum, the Site Coordinator and Support Group Leader.

Trainings are held in person on-site at the location where fatherhood support groups will be facilitated by applying organization or in Las Vegas, Nevada where the Fatherhood Support Network's headquarters are located. The one day certification trainings are generally held on Saturdays but can be scheduled on other days that may be more convenient for your team. In some instances, individuals representing other organizations or companies may also attend trainings that are scheduled on the same day and time.

The applicant assumes sole responsibility for all costs associated with meeting the Fatherhood Support Network’s certification requirements. This includes each volunteer completing a criminal background screening online. In addition to minimal costs associated with completing our application screening process, a minimum of \$20 per training participant is required to cover the cost of materials (copy of our book *24 Million: Challenges and Solutions for Alienated Fathers in America*, binder, and handouts). Additionally, for sites applying for certification outside of the Las Vegas, Nevada area where the Fatherhood Support Network’s headquarters is located, there are costs related to a facilitation fee, flight, lodging, and meals for two Fatherhood Support Network Trainer(s) to travel to the city where the applicant’s Fatherhood Support Site is located.

A minimum 14-day notice is required to schedule an on-site certification training. Please list “a minimum of four Saturdays” (or other days) that your team is available to attend a one day 8 hour training. Please list the dates in order of priority (preference):
